

Sacred Heart Catholic Primary School AFL Curriculum Long Term Plan 2022-2023

Intent

The aim of Ancient Foreign Language teaching at Sacred Heart, is to prepare all children to take part in the development of tomorrow's rapidly changing world. By allowing children to freely become global citizens.

Through the study of the historical Latin language and the use of the Maximum Classics Scheme, children will develop a foundation for learning modern foreign language and the English language – making connections between Latin and English grammar and vocabulary. Therefore, children will also gain a deeper sense of cultural knowledge of where many sayings and words derive from. This will enable our children to achieve a good linguistic foundation for all future language learning when in KS3.

Implementation

	Topics covered	NC link	Reading (Roman Myth & Legend)	Cross Curricular links	Vocabulary	Outcomes

SEND

The aim of the Ancient Foreign Language Curriculum is to provide all children, regardless of their needs and abilities, with the opportunity to achieve their full potential; fully reflecting on the school's ethos.

By developing language and understanding the origin of the English Vocabulary, pupils are given a broader insight into how the English language has been shaped and adapted throughout history.

By revisiting different word classes in a range of new ways children, who often struggle with work, can gain an insight into where many popular languages come from. This method of pre-tutoring will give them fundamental knowledge for when they are given a chosen language in Secondary School.
