

Adding Adjectives

Can you add adjectives to these sentences?

To make them more interesting you need to add adjectives before each noun.

e.g. The boy went to the park.

could be changed to:

The happy boy went to the new park.

Or

The girl sat on the chair.

could be changed to:

The clever girl sat on the old chair.

Rewrite the sentence and add an adjective before the noun (where the smiley face is).
